Purpose

- To reduce stigma around depression and anxiety in the workplace
- To facilitate employee's active participation in a range of initiatives that support mental health and wellbeing.

Scope

CHAMBERS

SOUTHERN LTD

All employees have a responsibility to:

- Take reasonable care of their own mental health and wellbeing, including physical health.
- Take reasonable care that their actions do not affect the health and safety of other people in the workplace.

Managers have a responsibility to:

- Ensure that all workers are made aware of this policy
- Actively support and contribute to the implementation of this policy, including its goals and manage the implementation and review of this policy.

Open Communication and Support

Chambers Southern Ltd will ensure that:

- All employees receive a copy of this policy during the induction process.
- This policy is easily accessible by all members of the organisation
- Employees are informed when an activity aligns with this policy
- Employees are empowered to actively contribute and provide feedback to this policy
- Employees are notified of all changes to this policy.

Chambers Southern want to actively support employees who are at risk of facing mental health issues.

Often, it is easier to reach out to a colleague instead of a supervisor or HR. We encourage co-workers to support one another when needed.

Job Related Issues

Issues related to work, compensation, job insecurity and work-life balance can heavily burden our employees. In these cases, we encourage our employees to speak to our mental health first aiders about how to handle their individual situations better.

Additionally, we encourage open communication between employees, contractors and managers. If employees have a work-related problem, they should speak to their managers. Managers are in turn obliged to listen to their employees and should search for a mutually satisfying solution together.

Evaluating outcomes

This policy's provisions are not restrictive. We will test its elements to find out what works and what doesn't. HR should continuously research mental health topics and evaluate the results of our policy with managers' help.

CHAMBERS

S O U T H E R N L T D

To develop, revise and establish this policy, we need everyone's help. We can all work together to define mental health issues, their causes and seek or offer help when needed. We encourage employees to share their ideas and concerns.

Monitoring and review

Chambers Southern Ltd will review this policy 12 months after implementation and annually thereafter.

Effectiveness of the policy will be assessed through:

- Feedback from workers and management
- Review of the policy by management and employees to determine if objective have been met and to identify barriers and enablers to ongoing policy implementations.
